Call to Order

- The Chair called the Meeting to Order at approximately 12:00 p.m.

1) Minutes of Previous Meeting June 6, 2019

Moved by: Barb Smith Seconded by: Linda Thomas-Ouellette_

CARRIED.

2) Business Arising from the Minutes

Information with regards to missed trips, the Manager of Transit should provide

3) Discussion on June 6th event, what worked and what should be considered for the next time-

Brian explained that he was going to have a meeting with John Severino, but thinks we should postpone until the new Transit Manager. Speaking with Councillors with our issues with Parabus.

Committee agreed to wait until the new Transit Manager was hired.

4) Infor on Bill C-81-

Bill C81 passed last Wednesday, believe the date was included in the legislation to be 2040. A major change in the wording was from 'may' have to 'must' have. Ontario has a strong legislation that has a date of 2025, which would supersede the Federal legislation.

Ontario, Nova Scotia and Manitoba are only provinces to have legislation.

5) Summer Meetings-

The Committee decided to keep having meetings throughout the summer months.

6) Update on Access to Water

Adam told the committee it is his understanding the mat has been ordered and they are waiting for it to be delivered. Parks would like to install it when the lifeguards are on duty.

7) Snow Removal, questions or comments to put forward-

The Committee is asked to provide questions/concerns with regards to snow removal, this way we can formulate comments/questions to Public Works and Parks and Rec.

A concern is using accessible parking for snow dumping, if snow needs to go into this location, then must create more accessible parking spaces. Also, would like the snow plows to conduct a second pass at accessible parking spaces, Brian doesn't think this would take too much time.

Barb- issues at the post office and 221 McIntyre. Told the story of where a gentleman got stuck in his van, this should not happen.

Map showing all accessible parking spaces.

Luc, said should have no parking on Olive Street in winter months.

Penny would like to receive data when the City or Para bus does on when someone is denied to ride the Para Bus because they are over booked.

When can they get an accessible taxi?

Resolution #19-13
