	Expenditu	re.

The Honourable Charles MacNaughton, Minister of Transportation and Communications, has authorized a supplementary subsidy allocation in the amount(s) of

\$ 46,500.	for Normal Maintenance
\$ -	for Special Winter Control Maintenance
\$ 46,500.	TOTAL

The total subsidy allocation for Construction and for Maintenance is shown at the bottom of this letter. Please note that where expenditures produce subsidy amounts in excess of either of the total limits shown below, the excess amounts will not be eligible for consideration.

It is to be understood that additional approvals given as a direct result of the severe winter conditions which prevailed in the early part of this year in no way establishes a level of approval for maintenance allocations which may be used as a guide in future years.

One copy of the submission as approved is returned herewith.

Yours very truly,

k.t C
