

Tanya was born in Corbeil and has lived in North Bay since she was 18. She's always had strong roots in the City; graduating from St. Joseph Scollard Hall and then Canadore College thereafter. Tanya's been a hard worker since she was young, working every job from A-Z (she's been everything from an Administrative Assistant to a Zamboni Driver). Her drive to help others and to give back has led her to significant involvement with LIPI, the Santa Fund, and her career as a Supervisor at Ontario Works. Tanya has served on City Council since 2008, where she's a proven fighter and known for getting things done. The only thing that pulled her away from Council for any length of time was childbirth, and even that didn't keep her away for long. She has two beautiful young children Sydney and Danielle (Dani) and is proud to raise them with her better half, Dan Nogueira. Her parents are Bill and Gisele Vrebosch and she has 3 siblings being Lisa, Louise and Billy.

When Tanya is helping make decisions on Council, she understands the importance of making sure North Bay is a great place for families and that she's inspired to make sure her children can grow up proud of their community. Giving broad promises that she can't be held accountable to isn't her way – it's not the way her parents raised her and it's not the way she carries herself through life.

## **Experience**

- Over 10 years of municipal experience with the City of North Bay
- Elected 11th out of 17 candidates in the 2006 Municipal Election. In February of 2008, she was sworn in as the youngest member of North Bay City Council (at the time).
- Current Deputy Mayor, Budget Chief and Chair of General Government and Corporate Services.
- Previously served as Chair of Engineering and Public Works Committee, was a member on the Capitol Centre Board, the North Bay Public Library, the Planning Advisory Committee, the Concerned Citizens of North Bay and Area Committee and the North Bay Police Services Board.
- Previous work experience in economic development, coupled with her education in recreation/leisure services and her current social services experience gives her a well-rounded approach when making her decisions.
